

ABOUT THE DEPARTMENT **Auditing**

The Department of Auditing at the University of South Africa (Unisa) was established in 1962 as the only independent Auditing Department at any South African university. The Department is committed to providing its students with a quality learning experience through its highly skilled, experienced and innovative team of lecturers and administrative staff.

Careers opportunities

- Internal Auditor
- Careers in public and private sector in internal auditing and risk management

B. FORENSIC AUDITING

Postgraduate Diploma in Forensic Auditing (98234)

MINIMUM ADMISSION REQUIREMENTS

- An appropriate NQF 7 qualification from an accredited provider of higher education with majors in Financial Accounting or Accounting and External or Internal Auditing,
or
- a South African LLB qualification (NQF 7) from an accredited provider of higher education (not BProc qualification)
or
- an appropriate Bachelor of Commerce degree, provided that a prospective student is also in possession of the Advanced Certificate: Fraud Examination (NQF 7) or the Occupational Certificate: Fraud Examiner (NQF8) (refer to <http://www.unisa.ac.za/apply/cas/addinf/98234>)

Applicants who do not meet these requirements are advised to apply for admission to either the CTA or the Advanced Diploma in Accounting Sciences/Internal Auditing in an attempt to meet this requirement or to consider enrolling for another postgraduate programme offered by the College.

Accreditation

Careers opportunities

- The qualification offers career opportunities in most large organisations and especially in the following areas:
 - Audit companies, law firms, banks, insurance companies and most listed companies' forensic services units, where you can become part of an investigation team to perform a variety of forensic services
 - Law enforcement agencies such as the Special Investigation Unit, the Hawks, the Specialised Commercial Crime Unit of the South African Police, the National Prosecuting Authority and the Asset Forfeiture Unit
 - Regulators such as the Financial Services Board and the Financial Intelligence Centre
 - Academia

Specialised knowledge of financial accounting and auditing is combined with the skills required to prevent, detect, investigate, report and testify on commercial fraud.

C. EXTERNAL AUDITING

Undergraduate

The Department of Auditing provides modules in External Auditing as a component of the Bachelor of Accounting Sciences in Financial Accounting (Revised Curriculum 2020) (98302 - FA1) programme. The qualification is offered by the Department of Accounting. For more information, you can visit **Department of Financial Accounting** 

D. MASTERS AND DOCTORAL DEGREES

After completion of Postgraduate Diploma, it is possible to further your studies by enrolling for a Master of Philosophy in Accounting Sciences (98587 – AUE) and thereafter for a Doctor of Philosophy in Accounting Sciences (90026 – AUE).
